

SOMERSET COUNTY ROADWAY SAFETY STUDY

Join us for a virtual public meeting to learn about safety recommendations for five Somerset County roadways!

Wednesday, September 29, 2021
7:00 p.m. to 9:00 p.m.

Over the past year, the Somerset County Planning Division, in coordination with the North Jersey Transportation Planning Authority, has been conducting a study to help identify vehicle, pedestrian, and bicycle safety challenges on County roadways. Safety improvements and other opportunities were developed for five corridors. The meeting will include a brief presentation, followed by breakout rooms for group discussion on each corridor. The public is invited to attend and provide feedback on the draft recommendations.

Please RSVP in advance and select the breakout room where you'd like to participate.

1. Finderne Avenue/Main Street in Bridgewater Township
2. Franklin Boulevard in Franklin Township
3. Greenbrook Road in North Plainfield Borough
4. Somerset Street in Raritan Borough
5. Main Street in Millstone Borough
6. Spanish Language group
7. General Group (broad transportation topics)

For special needs assistance, contact Jessica Ortiz at 917-933-7440 or email jortiz@fhstudio.com
